

Integrated Management System Policy

The Integrated Management System (IMS) incorporates the Quality, Environmental and Occupational Health and Safety Management Systems of Coffey Geotechnics Limited (Coffey). Coffey recognises the need to conduct its activities in a responsible manner to achieve the following objectives:-

- To implement, maintain, review and continually improve a compliant IMS
- To maintain Quality, Environmental and Occupational Health and Safety compliance throughout the company by awareness and suitable training
- To investigate and report any Quality, Environmental or Occupational Health and Safety complaints or incidents in a responsible manner
- To provide suitable resource to ensure the company meets all its obligations in respect of Quality, Environment and Occupational Health and Safety.
- To ensure that all staff understand and comply with Coffey's Quality Policy, Environmental and Sustainability Policy and Occupational Health and Safety Policy
